action.

Another aspect of a person’s working style is control—the energy and attention devoted to ensuring that things happen in a certain way. At one extreme is the tight control er, a strict administrator with frequent checkpoints. Rules and policies are to be fol owed with religious fervour. At the opposite end are those who move with freedom and flexibility. They have little patience for bureaucracy. They delegate easily and give their subordinates wide latitude for movement. I wanted leaders who tread the middle path, those who could control without stifling dissent or being rigid.

I wanted men who had the capability to grow with possibilities, with the patience to explore al possible alternatives, with the wisdom to apply old principles to new situations; people with the skil to negotiate their way forward. I wanted them to be accommodating, to be wil ing to share their power with others and work in teams, delegating good jobs, assimilating fresh opinions, respecting intel igent people, and listening to wise counsel. They would have to be able to sort out things amicably, and take responsibility for slip-ups. Above al , they should be
