Natal Indian Congress. Carefully kept accounts are a *sine qua non* for any organization. Without them it falls into disrepute. Without properly kept accounts it is impossible to maintain truth in its pristine purity.

Another feature of the Congress was service of Colonial-born educated Indians. The Colonial-born Indian Educational Association was founded under the auspices of the Congress. The members consisted mostly of these educated youths. They had to pay a nominal subscription. The Association served to ventilate their needs and grievances, to stimulate thought amongst them, to bring them into touch with Indian merchants and also to afford them scope for service of the community. It was a sort of debating society. The members met regularly and spoke or read papers on different subjects. A small library was also opened in connection with the Association.

The third feature of the Congress was propaganda. This consisted in acquainting the English in South Africa and England and people in India with the real state of things in Natal. With that end in view I wrote two pamphlets. The first was *An Appeal to Every Briton in South Africa*. It contained a statement, supported by evidence, of the general condition of Natal Indians. The other was entitled *The Indian Franchise – An Appeal*. It contained a brief history of the Indian franchise in Natal with facts and figures. I had devoted considerable labour and study to the preparation of these pamphlets, and the result was quite commensurate with the trouble taken. They were widely circulated.
