major portion of this history in Yeravda jail and finished it after I was released. It was published in *Navajivan* and subsequently issued in book form. Sjt Valji Govindji Desai has been translating it into English for *Current Thought*, but I am now arranging to have the English translation published in book form at an early date, so that those who will may be able to familiarize themselves with my most important experiments in South Africa. I would recommend a perusal of my history of Satyagraha in South Africa to such readers as have not seen it already. I will not repeat what I have put down there, but in the next few chapters will deal only with a few personal incidents of my life in South Africa which have not been covered by that history. And when I have done with these, I will at once proceed to give the reader some idea of my experiments in India. Therefore, anyone who wishes to consider these experiments in their strict chronological order will now do well to keep the history of Satyagraha in South Africa before him.
