Keith Randell (1943–2002)

The *Access to History* series was conceived and developed by Keith, who created a series to 'cater for students as they are, not as we might wish them to be'. He leaves a living legacy of a series that for over 20 years has provided a trusted, stimulating and well-loved accompaniment to post-16 study. Our aim with these new editions is to continue to offer students the best possible support for their studies.
