tionary direct action methods, however non-violent they might be, we must expect every resistance. We cannot play at revolution in a drawing-room, but many people want to have the advantage of both. For a person to dabble in revolutionary methods, he must be prepared to lose everything he possesses. The prosperous and the well-to-do are therefore seldom revolutionaries, though individuals may play the fool in the eyes of the worldly-wise and be dubbed traitors to their own class.

Other methods had to be adopted, of course, to deal with the masses, who had no cars or banking accounts or other property worth seizing, and on whom the real burden of the struggle lay. One interesting result of the ruthlessness of Government action in all directions was to whip up that crowd of people, who might be called (to borrow a word from a recent book) 'Governmentarians', into activity. Some of them had recently begun to flirt with the Congress, not knowing what the future might bring. But Government could not tolerate this, and no passive loyalty was enough. In the words of Frederick Cooper of Mutiny fame the authorities "would brook nothing short of absolute, active, and positive loyalty. Government could not condescend to exist upon the moral sufferance of its subjects." A year ago Mr. Lloyd George referred to his old colleagues, the leaders of the British Liberal Party who had joined the National Government, as "specimens of those changeable reptiles who adapt their hue to their environments." The new environment in India tolerated no neutral hues, and so some of our countrymen appeared in the brightest of approved colours and, with song and feasting, they declared their love and admiration for our rulers. They had nothing to fear from the Ordinances and the numerous prohibitions and inhibitions and curfew orders and sunset laws; for had it not been officially stated that all this was meant for the disloyal and the seditious, and the loyal need have no cause for alarm? And so they could view the turmoil and conflict all round them with a measure of equanimity, devoid of that fear that gripped many of their countrymen. With Chloe (in *The Faithful Shepherdess*) they might perhaps have agreed when she said:

> "For from one cause of fear I am most free,
> It is impossible to ravish me,
> I am so willing."

The Government had somehow got hold of the idea that Congress was going to exploit women in the struggle by filling
