Mow would a people who saw fhe stars but once in two thousand years react —

illustrated by KoHiker

"If the stars should appear one night in a thousand years, fiow would men believe and adore, and preserve for many generations the remembrance of the city of God!-—Emerson

Aton 77, director of Saro University, thrust out a belligerent lower-lip and glared at the young new spa-

Professor Charles Dawson as he was when he was my research professor.
