Dear General Singh Sahib,

Please accept my heartiest congratulations on your appointment as the next Chief of the Army Staff. From whatever little I have heard about you, you are the most eminently qualified person to hold this position of great eminence and critical importance for the nation.

I was deeply touched when I saw you on TV channels speaking to the media at Chandimandir on 28th November. Only a great human being has the courage to express his inner feelings in public, the way you did. A renowned Chinese philosopher once said, "a nail is straight and stiff but it is made of wrought iron and not gold".

I expect that under your watch the people of our State will experience, in full measure, the new doctrine of winning the hearts and minds of the people of the strife-torn State of Jammu and Kashmir. This would certainly help towards strengthening the movement of peace and amity gaining momentum in the region.

With warm regards,

Yours sincerely,

(Muzaffar Hussain Baig)

Lt. Gen. J.J. Singh,
Chief of Army Staff (Designate),
GOC-in-C, Western Command,
