vertible logic, those divisions are perpetuated. We are further told that we are not united enough. In Egypt there are no communal divisions and it appears that the most perfect political unity prevails. And yet, this very unity becomes an obstacle in the way of democracy and freedom! Truly the path of democracy is straight and narrow. Democracy for an Eastern country seems to mean only one thing: to carry out the behests of the imperialist ruling power and not to touch any of its interests. Subject to that proviso, democratic freedom can flourish unchecked.
