wanted to help the Ashram were thus put on their guard, and the work of the Ashram in this direction was considerably simplified. The fact that it is mostly the real orthodox Hindus who have met the daily growing expenses of the Ashram is perhaps a clear indication that untouchability is shaken to its foundation. There are indeed many other proofs of this, but the fact that good Hindus do not scruple to help an Ashram where we go to the length of dining with the untouchables is no. small proof.

I am sorry that I should have to skip over quite a number of things pertaining to this subject, how we tackled delicate questions arising out of the main question, how we had to overcome some unexpected difficulties, and various other matters which are quite relevant to a description of experiments with Truth. The chapters that follow will also suffer from the same drawback. I shall have to omit important details, because most of the characters in the drama are still alive, and it is not proper without permission to use their names in connection with events with which they are concerned. It is hardly practicable to obtain their consent or to get them every now and then to revise the chapters concerning themselves. Besides, such procedure is outside the limit of this autobiography. I therefore fear that the rest of the story, valuable as it is in my opinion to seekers after Truth, will be told with inevitable omissions. Nevertheless, it is my desire and hope, God willing, to bring this narrative down to the days of Non-co-operation.
