Marko and I were able to tell her brother exactly what to check for, and where, because it had happened to so many other people around me.

Chels said again that she just wasn't sure if she was up for this. A lifetime of being stalked?

What could I say?

I'd miss her, so much. But I completely understood her desire for freedom.

If I had a choice, I wouldn't want this life either.

24.

FLACK, THEY CALLED HER.

She was funny. And sweet. And cool. I met her at a restaurant with some mates, months after Chels and I had gone our separate ways.

Spike, this is Flack.

Hi. What do you do, Flack?

She was on TV, she explained. She was a presenter.

Sorry, I said. *I don't watch much TV.*

She wasn't taken aback that I didn't recognize her, which I liked. She didn't have a big ego.

Even after she explained who she was and what she did, I still wasn't certain. *What's your full name again?*

Caroline Flack.

Days later we met for dinner and games. Poker night at Marko's flat, Bramham Gardens. After an hour or so I stepped outside, disguised in one of Marko's cowboy hats, to speak with Billy the Rock. As I exited the building I lit a cigarette and looked right. There, behind a parked car…two sets of feet.

And two bobbing heads.
