A

minor tussle over my services occurred at this time,

between ISRO, which was a little hesitant to relieve me, and

DRDO, which wanted to take me in. Many months went by,

and

many letters were exchanged between ISRO and

DRDO; and meetings were held in the secretariats of the

Defence R&D establishment and the Department of Space

to precipitate a mutual y convenient course of action.

Meanwhile, Prof. Ramanna retired from the office of the

Scientific Advisor

to

Defence

Minister.
